

Welcome to the Club!

Now, let's make you official!

Follow the instructions below to install your RFID tag.

Step 1

Clean the windshield behind the rearview mirror, on the **inside** of the vehicle. Allow surface to dry before applying your tag.

Step 2

Slowly peel the RFID sticker from the paper backing below. Peel from the bottom and be careful to not bend the electronic chip.

Step 3

Align your RFID tag horizontally on the **inside** of the windshield behind the rearview mirror and firmly press down on all edges for best adhesion.

RFID tag only activated when installed on windshield
